Adjustable Bayonet Thermocouples A5A Series

The A5A Bayonet Thermocouple allows simple, rapid adjustment of the immersion length to each application. The thermocouple can be specified with a bayonet cap on either an eight inch spring to allow for up to seven inches of adjustable immersion; or on the flexible armor to allow for full "B" length adjustable immersion.

NOTES:

- Spring or armor adjustable provide wide versatility
- Fiberglass insulation offers protection to the wire
- Longer lengths are available
- When ordering, specify style & type
Example: A5A-10-J, for type J

Specifications

Part No.	Style	Lead Wire	Terminations
A5A-10	Bayonet cap on 8" spring	60" length	Stripped wires 3" long
A5A-20	Bayonet cap on flexible armor	60" length	Male thermocouple connector
