Terminal Blocks for Conduit Heads F7-4 Series

Terminal blocks are designed to connect temperature probes to existing extension cables. They fit in a wide variety of sensor housings which include: aluminum, stainless steel, plastic heads, etc. These terminal blocks may be available in various shapes (round, oval, hex) and can provide 1, 2, 3, or 4 sets of poles to meet your specific installation requirements.

NOTES:

- Al_2O_3 - 45% Stronger than ceramic, resistant to cracking and flaking
- Also available in Bakelite
- Designed for: Single, Duplex, and Triplex temperature sensors.
- Other terminal blocks available upon request, contact factory

Specifications			
Part No.	Material	Shape	Number of Terminals
F7-4-1	Alumina	Round	4
F7-4-1-DPX	Alumina	Round	4
F7-4-1-TRX	Alumina	Round	6
F7-4-1-RTC	Bakelite	Round	3
F7-4-2	Alumina	Oval	2
